NEXT LEVEL BANDAGE WEAR

PRO PAIN® introduces ProTECHtive GEAR™, a new and exciting on-trend bandage line geared to disrupt the already tiresome bandage category. Paradigm shift - bandages go from “regular looking” to “cool and trend-setting”. Uniquely themed marketing motifs bring the power of Athlete and Celebrity endorsements, which combine with cutting-edge product design and technological advances for all age demographics. **PRO PAIN®** fosters a fresh and exciting growth opportunity within the Bandage Category.

WHAT PROPELS PRO PAIN® - ProTECHtive GEAR ABOVE THE COMPETITION?

PRO PAIN® bandages are designed with Durability and Comfort in mind; our ProTECHtive GEAR™ ensures protection even in the most demanding of conditions. High elastic filament provides optimum flexibility that won't infringe on mobility. Our gear can also be used as a compression bandage when stretched. These are state-of-the-art performance bandages providing the ultimate in wound care protection.
